Faithful and ever loyal,

We will boost our dear ole H.

Let every heart sing,

Let every voice ring,

There's no time to grieve or sigh,

But ever onward our course pursuing,

Let defeat ne'er ardor cool,

For united, we will boost our dear ole

A Challenging Future - - -

Awaits you in textiles. The world's oldest industry, textile manufacturing is today one of the most exciting and challenging fields for young men and women embarking on a career. Revolutionary man-made fibers, emerging from chemists' test tubes, have brought about progressive strides in textiles. A pioneer in the field, Burlington Mills today ranks as one of the world's leading producers of fabrics from man-made fibers.

If you are looking for a future in industry, look to textiles.
